Make A Difference

What a difference a day makes . . we've transformed the lives of many individuals with this immensely satisfying and rewarding event.

You have the opportunity to take time out from the normal, daily routine & put something back.

We liaise with a number of charity funded centers throughout the UK and put together a project.

From wheelchair access footpaths to constructing log cabins, the creation sensory gardens to house makeovers . . .

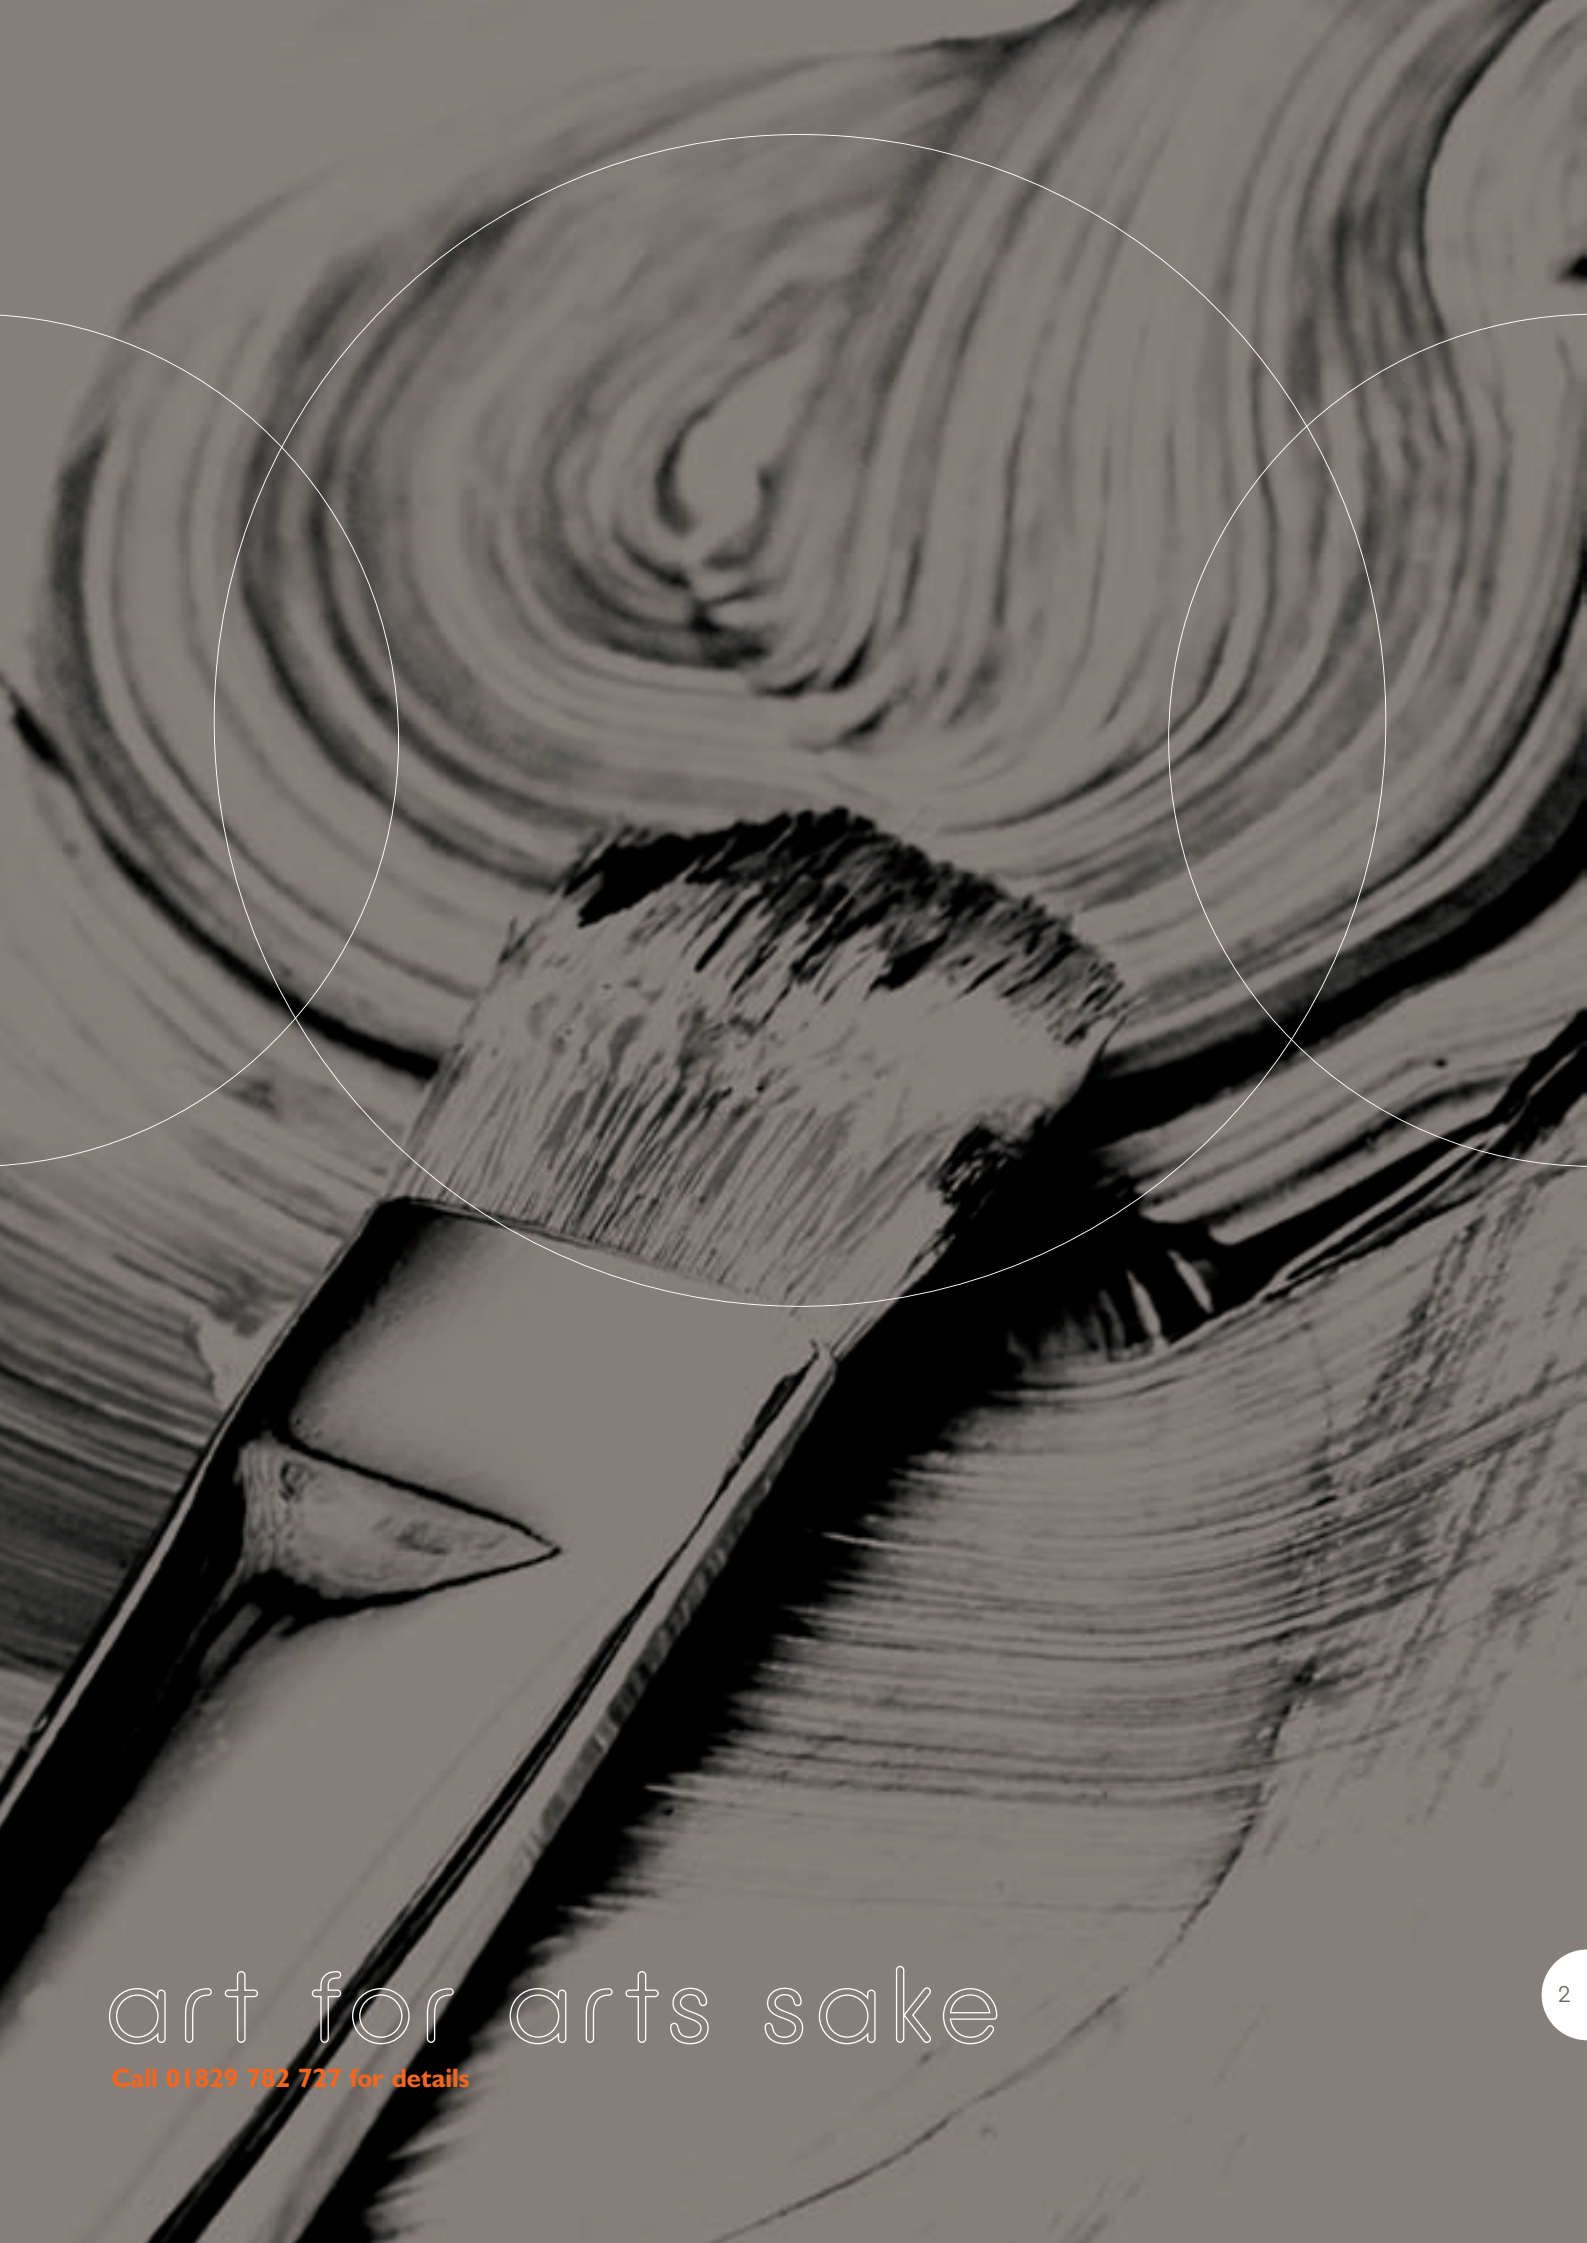

Together we can make a difference!

Art for Arts Sake

With a little planning, paintbrushes at the ready and some artistic license, your team will have the opportunity to produce a masterpiece!

Teams will be provided with the canvasses and the art shop will be available for a range of paints, brushes and artists' paraphernalia with which to complete their work of art.

Teams will be responsible for their section of a bigger picture, but they will soon realise that they must communicate and network with other teams in order for the finished piece to be completed. The reward comes for their hard work, commitment and cohesion when the picture is finally unveiled!

Samba Sound

The beat goes on . . . as teams take Samba, global dance and worldly costume to a new dimension!

Starting in small groups, the professional percussionist will teach the basics of Samba rhythms using a diverse mixture of instruments. The group will learn how to keep time, rhythm and their basic tune, which when placed together with the adjoining groups, will create the ultimate Samba sound!

The event will climax when, in complete synergy, the groups will join together to perform their learned skills.

A truly electrifying experience!

True Grit

When the going gets tough – the tough get going!
We create the ultimate challenge, anytime, anywhere, anyplace . . .

Thought provoking, physically demanding and spectacular in execution. If you've been there and you've done that this is the one for you!

The work we're very proud to produce is thanks to the knowledge, creativity and resourcefulness of too many people to name. We pull together teams for each of our projects so that they are perfectly suited, drawing on specific skills and talents. This is the core G3 team, always on the scene, always with a handle on things, always with some special ideas to add that extra sparkle.
