Rapportage

Never let the facts get in the way of a good story! This is a lively, thought provoking event designed to encourage communication, co-operation and rapport between everybody involved – all with a competitive twist.

Rapportage provides information, tips and clues for the various games, tasks and quizzes, and is designed to be entertaining as well as testing.

There's no time to relax as teams compete for maximum points in a variety of tasks including logic tests, creative projects, brain-teasing puzzles, taking to the catwalk or even launching a rocket!

Around the World

The event has a cultural feel to it, a global experience with team tasks and challenges, where even Phileas Fogg might feel at home! The aim is to earn as much money as possible, visit five continents and arrive back in their home city within 80 days.

A flexible system for delivering or reinforcing your content and a game that makes serious learning fun.

The race is on...

Master class in fashion

The challenge is on to present next season's 'must have' collection on the catwalk. Teams must work together from design and concept stage to manufacturing the finished pieces, not forgetting the fabrication of accessories or choosing the right music – it all has to be budgeted for and completed within a strict timetable too.

With all the glam of a collection launch in Paris or Milan, teams must choose their models, outfits, accessories, music and choreography carefully and creatively!

Director's Cut

Director's Cut brings you the City of Dreams, the magic and glamour of the film world – the total Hollywood experience. This is your chance to immerse yourself in the making of your own film.

Teams will have the opportunity to explore every aspect of the processes involved – we can also build elements of your company into the experience.

Each team is presented with a box of props, together with a camera and operator. The rest is up to you, from storyboarding the script to choosing the right location and managing the music too directing the cast. After the event, the movies are screened with often-hilarious results as colleagues see which of their masterpieces are box office hits or cutting room floor flops!

Code Zero

A 'computer controlled' business game designed to engage and energise. The mission is to break Code Zero where the race is on against the clock and the other teams.

Following instructions from laptop computers, teams will be given their unique pass code and must complete a series of tasks, both cerebral and physical, in order to work their way up the score chart.

Code Zero gives teams the choice where decision-making, planning and teamwork are essential, and maintains high energy levels to the very last second!

Indoor Olympics

This is your opportunity to create your own Olympic games. From the outset, this game is designed to stimulate the senses with the creation of something a little bit different – the opening ceremony, the parade of the teams, the fanfares and the spectacle of the games arena.

Each team will have time to plan and prepare for their events and discuss tactics and gamesmanship.

Challenges demand both individual and team performance; focusing on skill, expertise, dedication, commitment and the will to win! The climax to the event is the awards ceremony, where champions are invited to the podium to receive their medals.

Make a million

Not many people would turn down the opportunity to 'make a million'. Well, here's your chance! You will have 2 hours to plan, delegate and think on your feet in order to achieve your goal of one million pounds. You will face a list of tasks, which may be tackled in any order, at any time, to earn money.

Giant Games

Liven up any event, daytime or evening, with the inclusion of some giant games. Can be run as a structured team competition or alternatively just come and play.

Relive those sibling battles as you challenge your opposition to Giant Connect 4, Giant Jenga or Giant Tiddlywinks! Other games include: Target Basketball, Target Marbles, Skittles, Putting, Giant Battleships, Giant Twister, Splat the Rat, Target Snooker, Alley Quoits, Table Tennis, Giant Dominoes, Giant Downfall, Giant Shove Ha'penny, Giant Chess, Giant Table Skittles and Space Hoppers.

Guaranteed to bring on the laughter!

The work we're very proud to produce is thanks to the knowledge, creativity and resourcefulness of too many people to name. We pull together teams for each of our projects so that they are perfectly suited, drawing on specific skills and talents. This is the core G3 team, always on the scene, always with a handle on things, always with some special ideas to add that extra sparkle.
